Gloucester High School

Gloucester, Virginia

Dedication

All of us, the leaders of tomorrow, have passed through the gates of knowledge and attained much wisdom. But before we venture out into the world, seemingly less dependent on others, we should travel back and honor one of the people who have done so much to help us through those gates of knowledge. The senior class will always remember you, Mrs. James Rowe, as an unfaltering, guiding star in the galaxy of help that we have all received. We sincerely appreciate all of the tireless efforts of the many years you have aided us. Thank you.

Alma Mater

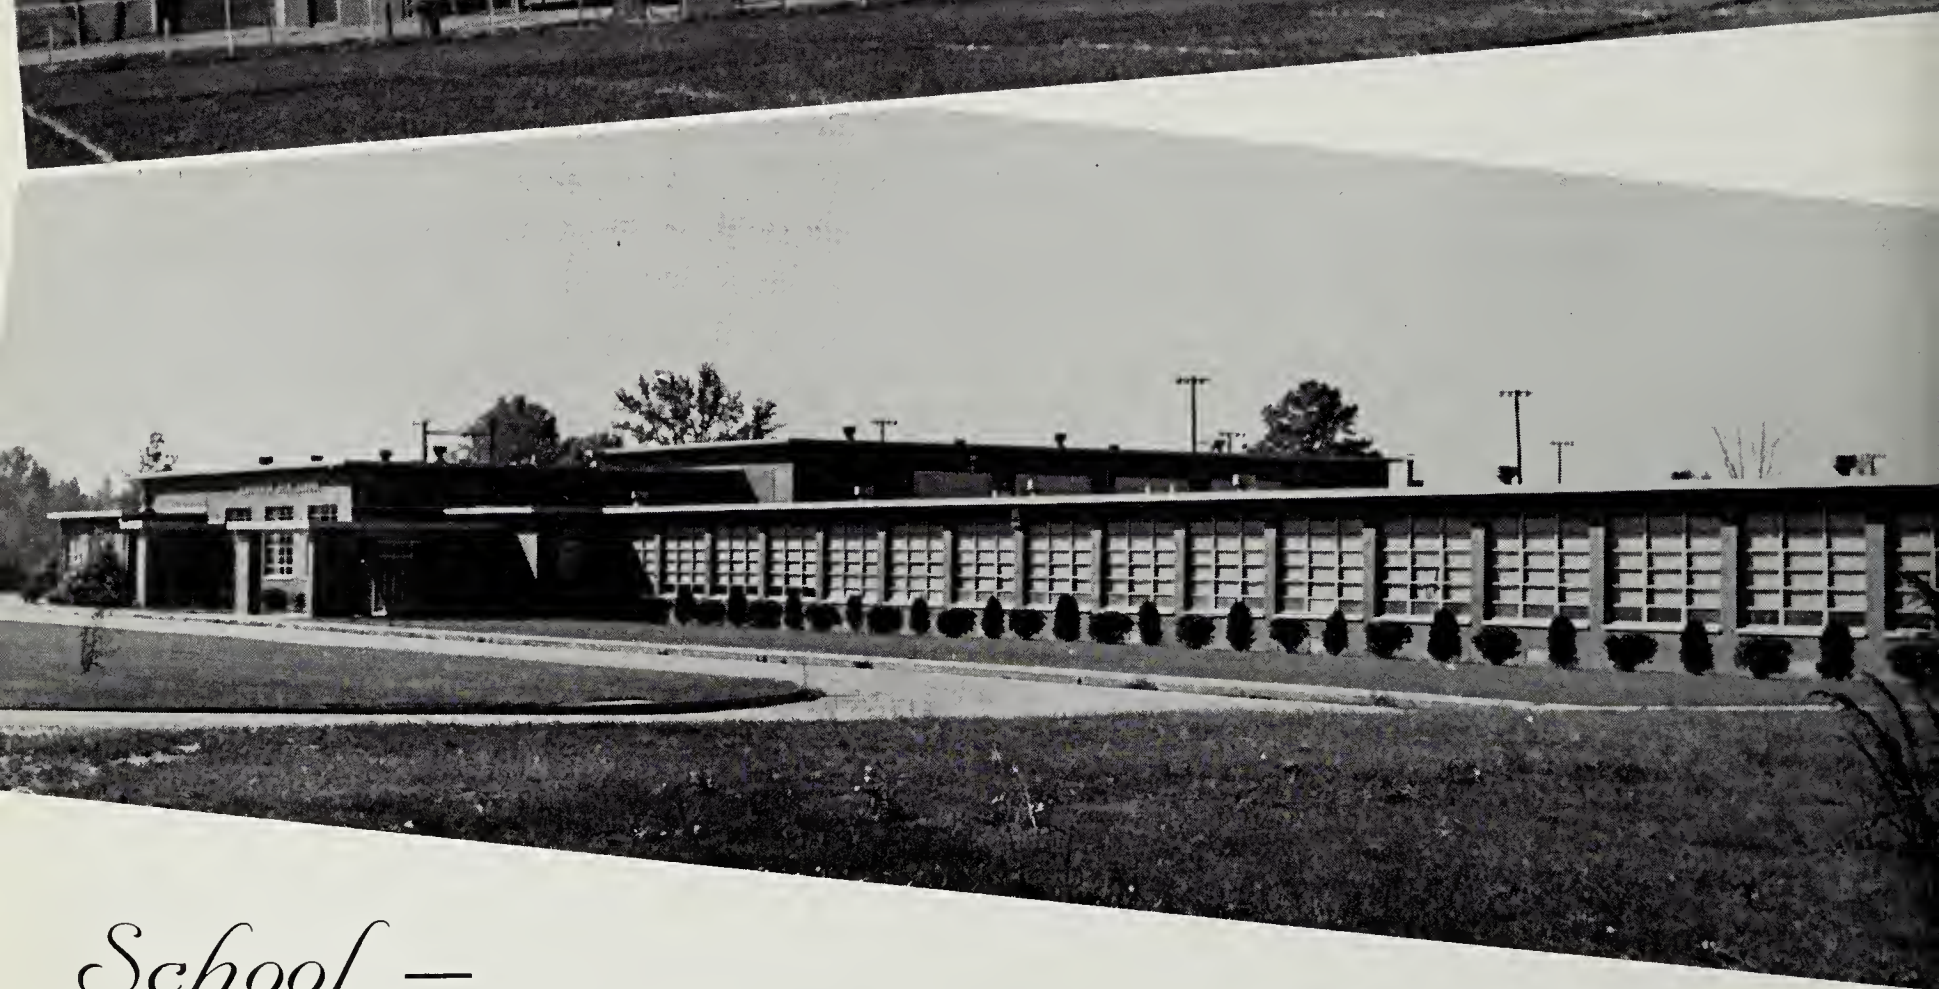

We sing our Alma Mater
And praise thy glorious name
We join in mighty chorus
To laud thy halls of fame.

Sing hail to Thee, Sing hail to Thee
Loud let your voices cry
With loyal adoration
For dear Old Gloucester High.

We'll fill our hearts with gladness
And never shall it die.

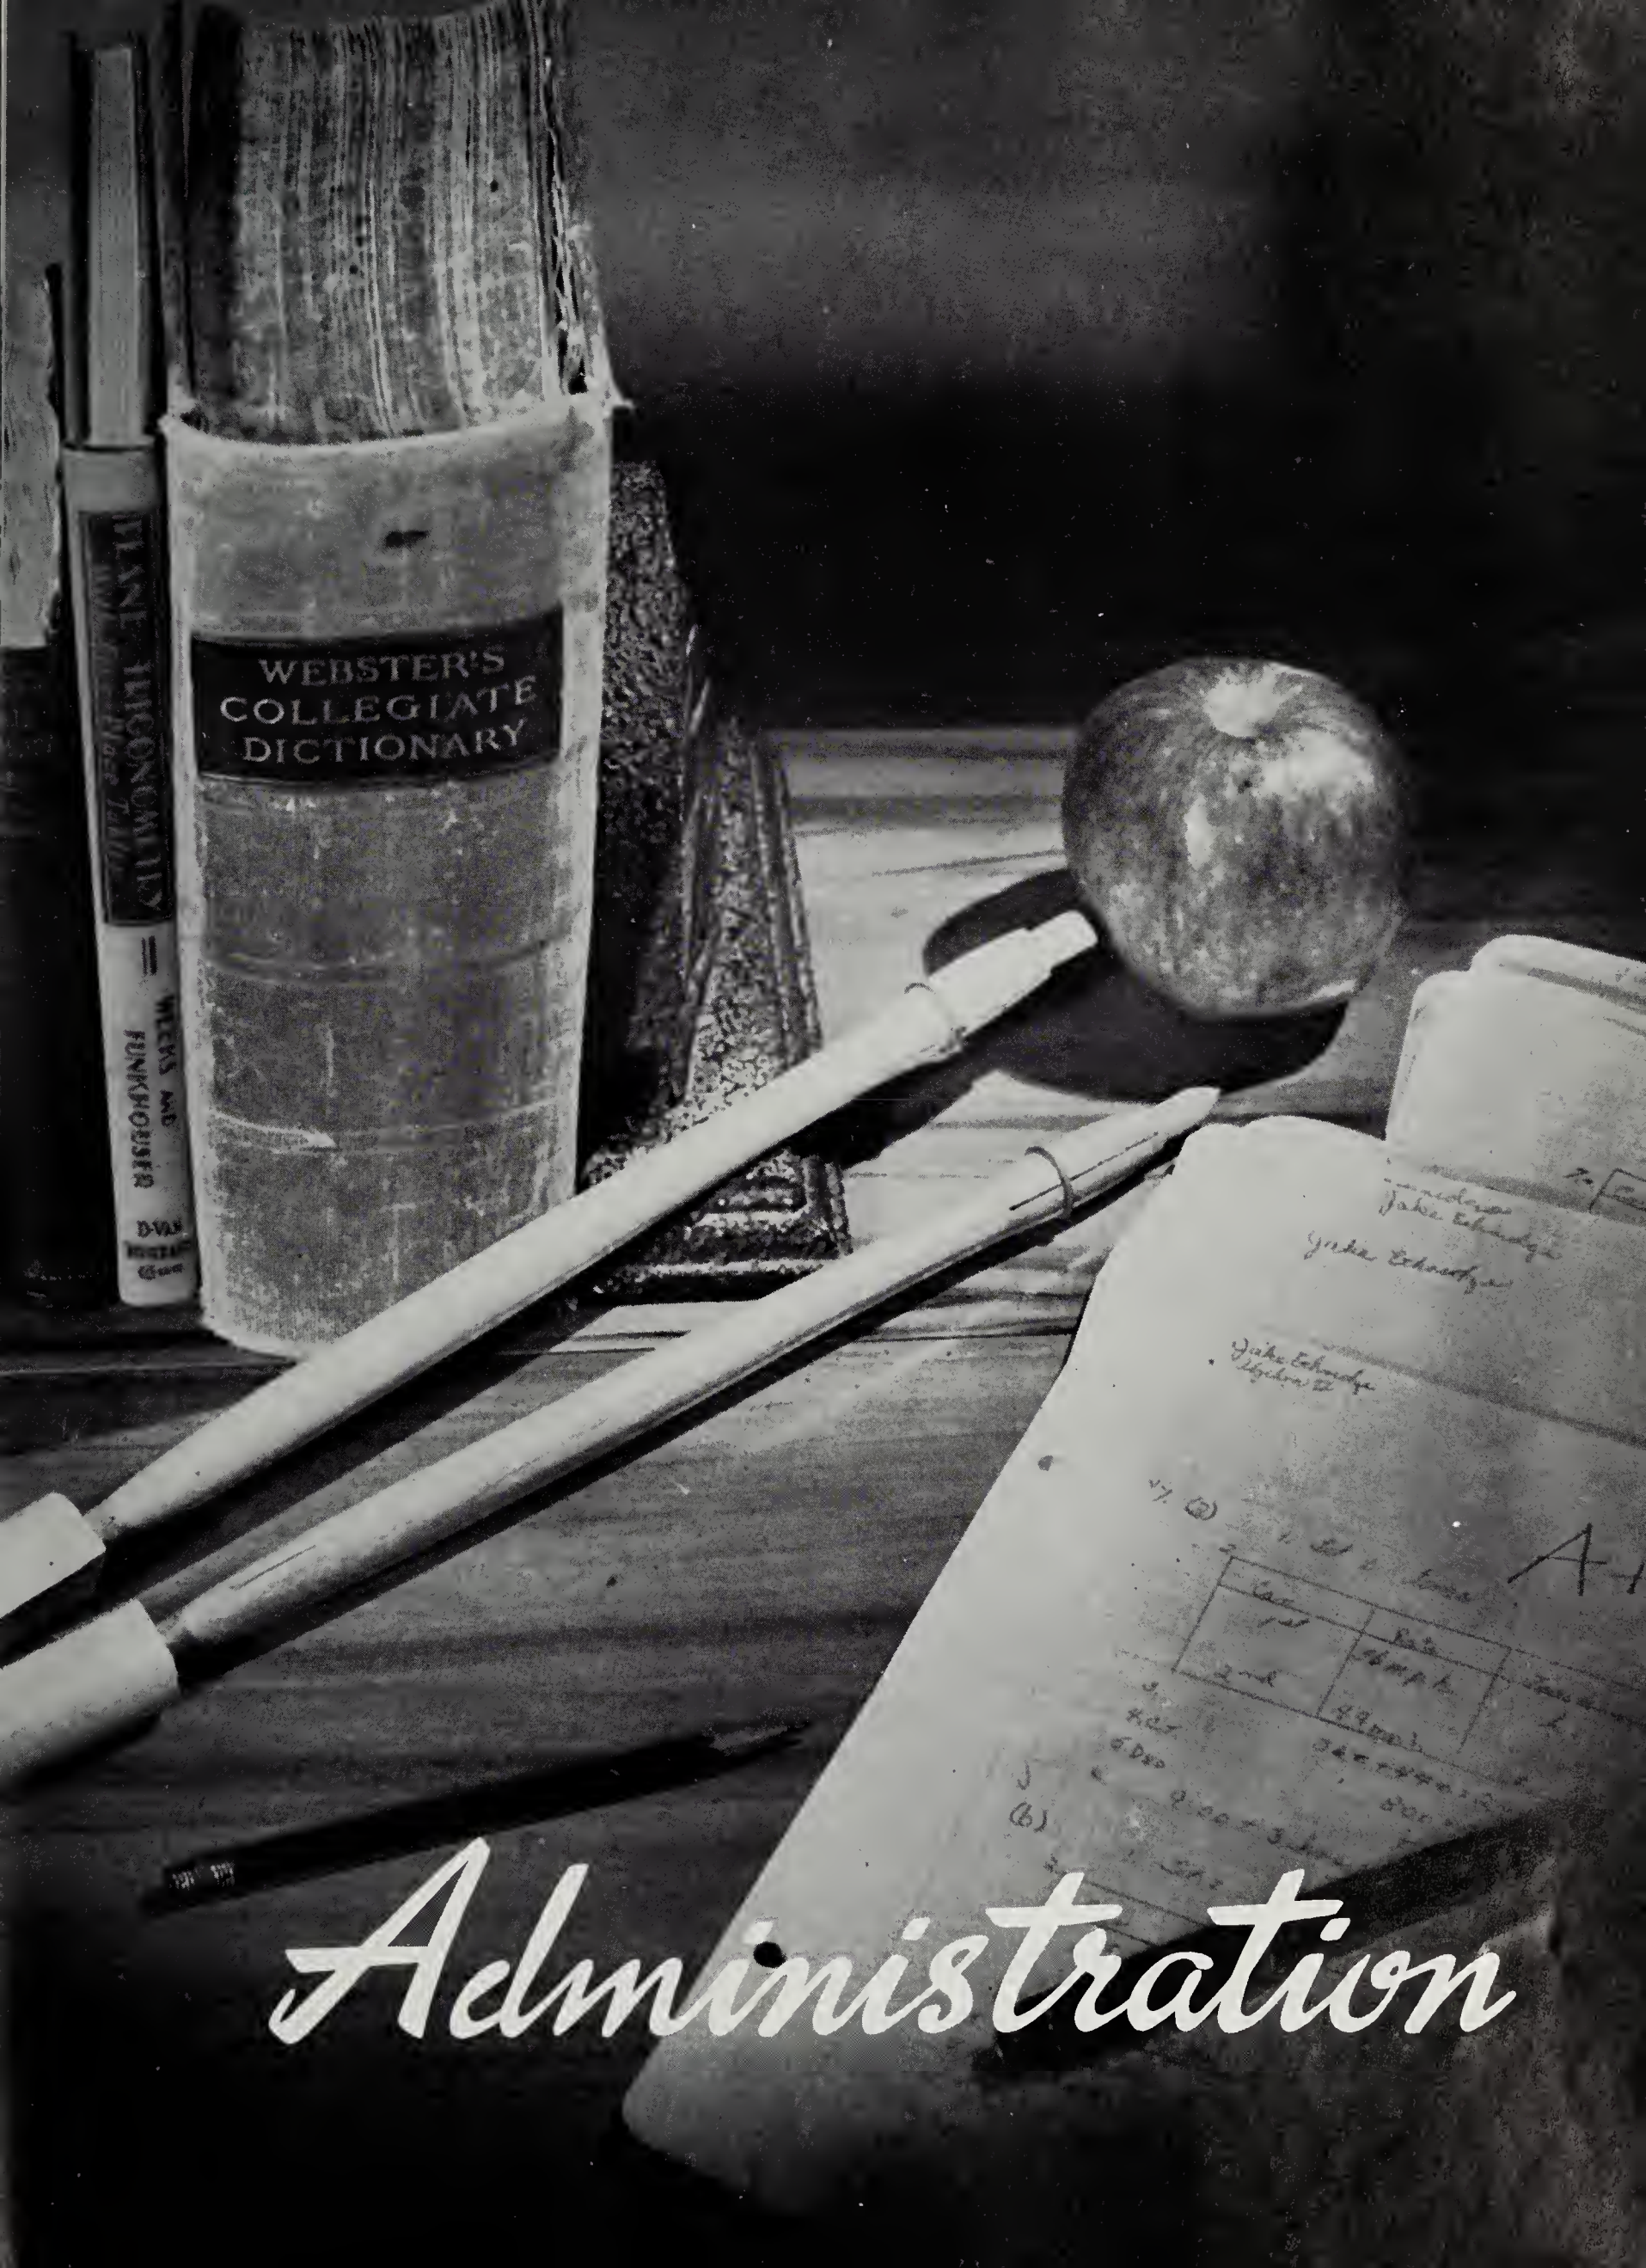

W. Raleigh Wells - author
and composer of our Alma Mater

This picture shows a chain with fourteen links. Each link represents a characteristic of Beta Club members. They should be honest, just, serve well, be cooperative, have responsibility, possess industry, be humble, have charity, and should be tolerant, generous, considerate, courteous, gentle and kind.

This is the second year the Beta Club has been at Gloucester High School. Among the aims this year were to organize a tutoring service and to set up a "college corner" in the school library to help students decide if and where they should go to college.

THE MARK OF A CHAMPION

When a young man can face the business world with the same undaunted courage that he bucks the line in football, and can take the bumps that inevitably will come to him in business, and can keep his fighting spirit and keep smiling ... then he has the mark of a champion. The world needs young men like this and the world will make way for them. The life insurance business needs such men, so why not prepare yourself for a career in the life insurance business. It's a business of opportunity for young men of ambition and vision.

Jackie,

I hope that you'll remember in years to come the fun we had in Latin I. Maybe that's why I'm failing. Anyhow I'm sure you will have just as much fun next year as we had this year. Remember the nights at the Taste Freez. I think Bayel D. remembers them to. So you'd better watch your step from now on. I know that you will have success in the years to come because you make such good grades. Ah well, this year has come to a close. Or should I say an abrupt halt. I know you are glad to get out of school. So am I. But just think. In the summer you hardly ever get to see any friends that you see every day at school. Sometimes I think it's best that I don't see some of my friends because I think some of them are rapidly becoming my enemies.

I wish you all the success, happiness, money, good looking boy friends, and nicest cars in the years to come. Best of luck to the prettiest girl in Latin Class.

Love ya,

Research from

Jackie,
I have really
enjoyed being in
school with you
these past years.
I wish your success
in everything you
undertake to do.
Love,
Patricia

Jackie,
Good luck to a
